

EDUCATION!

COMMERCIAL vs. CONSUMER DEVICES FOR EDUCATION

51%

Commercial-grade devices cost 51% less than consumer devices when in terms of total cost of ownership (TCO).

4x

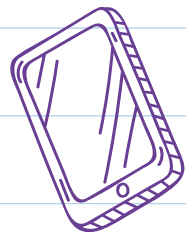

In just 1 year's time, consumer-grade devices are 4x more likely to fail!

5%

Each percentage point in device failure translates to a 5% increase in TCO.

Unable withstand the drops, vibration, shock, or extreme temperatures that student devices often endure.

A custom, sole-purposed, commercial-grade distance learning solution offers...

Better Security!

- ✓ Locked down devices
- ✓ Tamper-proof OS
- ✓ Control of apps, launcher, wallpaper, & more
- ✓ CIPA Compliance

Longer Lifecycles!

3-5 year lifecycle compared to 1-2 years of consumer devices.

Improved Productivity!

Purpose-built for less disruptions and more learning.
