

JACS TD0122 CBRS USB DONGLE

Fast, Secure, & Mobile

The JACS **TD0122** CBRS USB Dongle offers fast and reliable Private LTE connectivity in an easy-to-deploy, portable form factor. The TD0122 offers seamless plug-and-play installation and firmware customization that enables complete control over pre-loaded applications, default system settings, and enhanced security capabilities that make it ideal in areas where power and connectivity are limited.

Customization Benefits

Empower your workforce with value-generating solutions designed specifically to meet the needs of your business.

Hardware

- Long product life cycle
- Seamless infrastructure integration
- Certified and Compliant

Firmware

- Highly secure
- Easy deployment
- Controlled user experience

Connectivity

- Private LTE
