JACS TD0211 5G DONGLE

Fast, Secure, & Mobile

The **JACS TD0211 5G Dongle** boasts a remarkable theoretical peak download speed of up to 3.47 Gbps with super lower latencies. This capability empowers users to download HD video clips within seconds and creates new opportunities across a wide range of industries, such as Healthcare, Education, Entertainment, and the Industrial Internet of Things (IoT). Moreover, the JACS 5G Dongle is compatible with both 5G NSA/SA and 4G bands, granting enhanced flexibility for expanding your business.

Customization Benefits

Empower your workforce with value-generating solutions designed specifically to meet the needs of your business.

Hardware
· Long product life cycle
· Seamless infrastructure integration
· Certified and Compliant

Firmware
· Highly secure
· Easy deployment
· Controlled user experience

Connectivity
· Cellular

JACS TD0211 5G DONGLE SPECIFICATIONS

CHIPSET
Qualcomm SDX62,7nm,ARM Cortex-A7,up to 1.5GHz

RAM
512MB LPDDR4X

ROM
512MB NAND Flash

PORTS
USB3.1 Type C Female

OPERATING SYSTEM
Linux/Android/Windows

SIM
Dual NANO SIM Card Slot

CELLULAR NETWORK
FDDLTE: Band2/4/5/12/13/14/29/30/66/71
TDDLTE: Band41/48/46(LAA)
SA: n2/5/41/66/71/77
NSA: n2/5/41/66/71/77

ACCESSORIES
USB3.1 Type C To Type C USB Data Cable

OPERATING TEMPERATURE
14°F to 131°F

WEIGHT
0.13 lbs

STORAGE TEMPERATURE
-4°F to 149°F

DIMENSIONS
3.82" x 1.77" x 0.67"
