

JACS TD0112 CBRS USB DONGLE

Fast, Secure, & Mobile

The JACS TD0112 is a low-cost, Cat 6 CBRS USB dongle designed for secure and reliable private LTE networks. With peak speeds up to 300 Mbps, it's ideal for industrial use across education, healthcare, and warehouse environments. Customizable to fit specific enterprise needs, TD0112 offers a compact, plug-and-play solution for scalable, interference-free connectivity.

Customization Benefits

Empower your workforce with value-generating solutions designed specifically to meet the needs of your business.

Hardware

- Long product life cycle
- Seamless infrastructure integration
- Certified and Compliant

Firmware

- Highly secure
- Easy deployment
- Controlled user experience

Connectivity

- Private LTE
